The Court orders that the motion for immediate consideration is GRANTED.

The Court orders that the motion to dismiss is DENIED.

The Court orders that the motion to strike appellants' brief is DENIED.

However, the Court orders appellants to order and secure the filing of the full transcript as required under MCR 7.205(D)(3), MCR 7.210(B)(1), and the Court's order of November 15, 2004. Within 14 days after the Clerk's certification of this order, appellants shall secure the filing of the necessary court reporters' certificates to confirm that transcripts of all the proceedings on the record in this case have been ordered. See MCR 7.210(A)(1) and MCR 7.210(B)(3)(a). In this regard, the Court notes that, in addition to the three dates noted in these motions, the trial court's order of December 16, 2003, indicates that proceedings were held on September 11, 2003. Appellants shall also promptly file their docketing statement as required under MCR 7.205(D)(3).

The Court orders that the time for filing appellee's brief under MCR 7.212(A)(2)(a)(ii) shall be counted from the date the full transcript is filed with the trial court clerk.
