

Court of Appeals, State of Michigan

ORDER

L and L Wine and Liquor Corporation v Liquor Control Commission

Michael J. Kelly
Presiding Judge

Docket No. 302620

Patrick M. Meter

LC No. 10-000623-AA

Amy Ronayne Krause
Judges

The Court orders that the motion to dismiss pursuant to MCR 7.211(C)(2) is DENIED because the present appeal does not appear to be moot. Appellant appears to be an existing corporation. While it appears that appellant was formally dissolved at some point in relation to failure to file an annual report, it is evident that it has now filed that report and been reinstated as an active corporation so that it should be treated as if it had not been dissolved. See MCL 450.1925(2). Further, under MCR 2.202(B), the present action may be continued as to appellant in its original capacity even if its interest in the present case has been transferred to another party.
