The Court orders that the motion for reconsideration of this Court's June 23, 2011, order dismissing this appeal for lack of jurisdiction is DENIED. This Court lacks jurisdiction of the appeal because the order appealed from is not a final order appealable of right under MCR 7.202(6)(a)(iv). That rule requires that the order granting or denying attorney fees and costs be a "postjudgment" order. The order appealed from in this appeal is not a postjudgment order because no final order or judgment has entered in the case. At this time, defendant-appellant may appeal the interlocutory attorney fees order only by delayed application for leave to appeal. Alternatively, defendant-appellant may file an appeal of right challenging the attorney fee order once the final judgment is entered in this case. "[A] party claiming an appeal of right from a final order is free to raise issues on appeal related to prior orders." *Shember v Univ of Michigan Medical Ctr*, 280 Mich App 309, 315; 760 NW2d 699 (2008).
