

Court of Appeals, State of Michigan

ORDER

Daryl Hacker v Larry Hacker

Docket No. 304743

LC No. 2008-000284-CH

Douglas B. Shapiro
Presiding Judge

Judges

On the Court's own motion, the claim of appeal in this matter is treated as an application for leave to appeal and is GRANTED with regard to the issues presented in appellants' brief on appeal that are outside the scope of appellants' appeal of right. The June 1, 2011 postjudgment order appealed from is a final order under MCR 7.202(6)(a)(iv) with regard to its denial of attorney fees and costs to appellants. Thus, the scope of appellants' appeal of right is limited to that denial of attorney fees and costs. MCR 7.203(A). But, under the circumstances, including appellee's failure to challenge appellants' presentation of additional issues in their brief on appeal, we conclude that the equities favor the case call panel considering the merits of all issues raised by appellants in this appeal.
