The Court orders that the motion for reconsideration is DENIED. Appellant's motion for reconsideration effectively asks this Court to treat the January 10, 2012 order as the order appealed from rather than the March 16, 2011 order actually designated as the order appealed from in the claim of appeal. However, even treating the claim of appeal as being taken from the January 10, 2012 order, this Court would lack jurisdiction over the claim of appeal because the January 10, 2012 order is not a final order appealable of right. MCR 7.202(6)(a); MCR 7.203(A). Particularly, that order is not a final order under MCR 7.202(6)(a)(i) because it does not dispose of any claim in this case but rather refused to alter the earlier disposition of the claims in this case.
