Court of Appeals, State of Michigan

ORDER

Shelly Smith v Raymond Smith

Docket No. **311416**

LC No. **08-007524-DM**

David H. Sawyer, Chief Judge Pro Tem, acting under MCR 7.203(F)(1), orders:

The claim of appeal is DISMISSED for lack of jurisdiction. Although appellant states in the claim of appeal that he is appealing from a judgment or order entered on June 29, 2012, the circuit court register of actions reflects that no judgment or order was entered on or about that date. Further, the claim of appeal cannot be saved by treating it as being taken from the order dated August 1, 2012 because the claim of appeal was filed before that order was entered, but a claim of appeal must be filed after entry of the order appealed from. See MCR 7.204(A)(1)(a)-(b). Notably, it appears that appellant may timely file a new claim of appeal from the August 1, 2012 order by August 22, 2012. See MCR 7.202(6)(a)(iii); MCR 7.203(A)(1); MCR 7.204(A)(1)(a).
