Docket No. 304743

LC No. 2008-000284 CH

---

The Court GRANTS the motions for clarification and for fee waiver and VACATES the February 21, 2013 order denying reconsideration. We do so based on the movant's not fully comprehending the meaning of the February 21 order because he is acting in propria persona. The Court granted the motion to amend the motion for reconsideration in the February 21 order. Hence, the Court did, in fact, decide the motion for reconsideration based on the amended version movant submitted. It denied that motion.

This Court again GRANTS the movant's motion to amend motion for reconsideration and DENIES the amended motion for reconsideration. Lastly, the Court declines defendant-appellant's request to provide a written explanation of the reasons for denying reconsideration. MCR 2.119(F)(3).
