

Court of Appeals, State of Michigan

ORDER

People of MI v Darryl Eugene Hartenbey

Docket No. 310929

LC No. 10-001838-01-FH

Kirsten Frank Kelly
Presiding Judge

Christopher M. Murray

Michael J. Riordan
Judges

The Court orders that the delayed application for leave to appeal is DENIED for lack of merit in the grounds presented. Having expressly agreed at the original plea sentencing that, if a probation violation occurred and he were sent to prison on the suspended sentence, he would receive no credit toward that sentence based upon his parolee status at the time he committed the offense, defendant waived his right to argue that the trial court erred in failing to award him any jail credit.
