

Court of Appeals, State of Michigan

ORDER

People of MI v Mark Alexander Majors

Docket No. 313412

The Court orders that the motion to remand is DENIED for failure to persuade the Court of the necessity of a remand at this time, particularly because the constitutional issue raised by defendant presents a question of law that does not require an initial decision by the trial court. However, we note that, by bringing the present motion to remand, defendant has preserved that constitutional issue challenging the scoring of certain offense variables of the sentencing guidelines for full appellate review.
