Judges

The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED for the failure to properly demonstrate by affidavit or offer of proof the facts to be established at a hearing on remand or to establish that the issues should be initially decided by the trial court. While defendant-appellant has included offers of proof with his motion, the offers of proof do not involve development of the record on facts material to this Court's review of the issues raised.
