Docket No. 313803

The Court orders that the motion to waive fees is GRANTED and fees are WAIVED for this case only.

The delayed application for leave to appeal is DENIED for lack of merit in the grounds presented.

Gleicher, J., would peremptorily order the trial court to provide defendant with transcripts and records. Defendant alleges that the transcripts were lost when prison authorities moved him from one prison location to another. In my view, defendant has established good cause under MCR 6.433(C)(2) for production of a second set of these materials.
