Docket No. 314219

LC No. 12-012323-FH

---

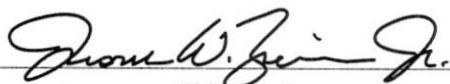

The Court orders that the motion to remand is DENIED for failure to meet the requirements of MCR 7.211(C)(1)(a) because it is not supported by an affidavit or offer of proof regarding the facts to be established on remand. Also, no reason is apparent why either an initial decision by the trial court or development of a further factual record is needed for appellate review of the relevant claims of ineffective assistance of counsel.
