COURT OF APPEALS
GRAND JURY

MOTION TO DISMISS MOTION FOR JOINDER OF CLAIMS

NOW COMES Plaintiff, LaVelle W. Searcy # 195469, in Pro Per, requesting that the Honorable Court Dismiss Plaintiff's **Motion for Joinder of Claims**. Plaintiff states as follows:

Under Docket No. 317626, Plaintiff filed a Request for Declaratory Judgment/Relief and filed a Motion for Joinder of Claims under Docket No. 315174.

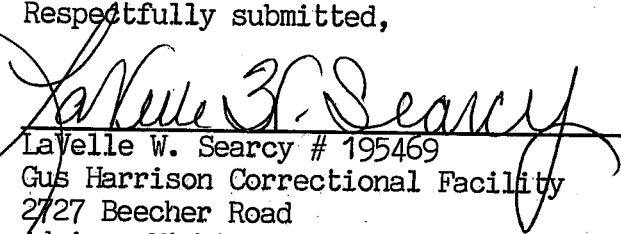

On September 20, 2013, on its own Motion, the Court of Appeals Dismissed the action because pursuant to MCL 600.2963, Plaintiff still owes for his filing under Docket No. 315174, therefore, the Motion should be dismissed because the claim is not filed.

However, in dismissing the claim, Plaintiff would ask the Court on how to proceed with the matter of filing the Declaratory Judgment/Relief, if applicable.

WHEREFORE, Plaintiff request that this Honorable Court Dismiss the **Motion for Joinder of Claims**. Plaintiff will attempt to refile the matter after the conclusion of the present case or again in the lower court, if applicable..

Dated: September 24, 2013

Respectfully submitted,
