The Court orders that the motion for review of the Clerk's denial of the taxation of costs and fees is DENIED. Attorney fees may be recovered as costs only where they are *expressly authorized* by court rule or statute. *Haliw v City of Sterling Heights*, 471 Mich 700, 707; 691 NW2d 753(2005). Appellee having failed to cite to a provision expressly authorizing the recovery of attorney fees as taxed costs, the Clerk did not err in rejecting appellee's requested costs.
