The Court orders that the motion for permission to file a reply to the prosecution's answer to the motion to remand is GRANTED.

The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. Defendant-appellant's offer of proof on his request to remand on the issue of ineffective assistance of counsel fails to adequately address whether defendant-appellant can overcome the presumption that his trial attorney exercised sound trial strategy based on the information and evidence available to the defense at the time of trial.
