---

The Court orders that the motion to remand is DENIED for failure to persuade the Court of the necessity of a remand at this time because the relevant issues do not appear to require an initial decision by the trial court or development of a further factual record. However, we note that, by bringing the present motion, defendant has preserved his issues regarding the scoring of offense variables 12, 13, and 19 of the sentencing guidelines for full appellate review by the case call panel. MCL 769.34(10); MCR 6.429(C).
