The Court orders that the motion to remand, pursuant to MCR 7.211(C)(1), is DENIED, without prejudice to Appellant requesting a remand from the case call panel assigned to determine the merits of Appellant's appeal. Defendant-appellant has not supported his motion to remand with an offer of proof or affidavit to show how he would further develop the record or demonstrated that an initial decision of the trial court is necessary in order for this Court to review his issues.
