People of MI v Roger Eugene Reeves

Docket No. 319964

The Court orders that the motion to remand is DENIED for failure to persuade the Court of the necessity of a remand at this time because the relevant claims of ineffective assistance of counsel do not appear to require development of a further factual record for review by the case call panel. In this regard, there is no need for a remand merely to explore trial counsel's subjective reasons for his alleged failures because counsel's performance for purposes of an ineffective assistance of counsel claim is reviewed under an objective standard of reasonableness. *People v Trakhtenberg*, 493 Mich 38, 51; 826 NW2d 136 (2012).
