The Court orders that the motion to dismiss this appeal is DENIED. Contrary to the premise of the motion, a probate court order that is specified in MCR 5.801(B)(2) is appealable of right to this Court by the express language of that subrule. Further, under MCR 7.203(A)(2), an order is appealable of right to this Court if it is an order from which appeal of right to this Court has been established by court rule. Thus, such a probate court order does not need to fall within one of the final order definitions in MCR 7.202(6)(a) to be appealable of right to this Court.
