ORDER

Walter Filas v Teacher Tenure Commission

Docket No. **323353**

LC No. **14-000197-CZ**

William B. Murphy, Chief Judge, acting under MCR 7.203(F)(1), orders:

The claim of appeal is DISMISSED for lack of jurisdiction because the notice of transfer dated July 9, 2014 and entered in the circuit court register of actions on July 10, 2014 is not appealable of right to this Court because it is not a judgment or order of the circuit court. MCR 7.203(A). Specifically, the notice of transfer signed by an assistant attorney general cannot reasonably be considered a judgment or order of the circuit court.
