The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. Defendant-appellant previously moved for a new trial and requested an evidentiary hearing under MCR 7.208(B) on the same grounds raised in the motion to remand, which the trial court denied. Defendant-appellant has not demonstrated that the trial court should have conducted an evidentiary hearing on the issues raised in his motion for a new trial. The majority of the arguments involve matters that can be reviewed based on the existing trial record. On the remaining issue involving the trial court's ruling limiting cross-examination regarding motive or bias, defendant-appellant has not supported his motion with an affidavit or offer of proof to establish how he would further develop the record on that issue on remand.
