Docket No. 323096

Judges

The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. Defendant-appellant has not demonstrated that further factual development of the record or an initial ruling by the trial court is necessary at this time in order for this Court to address the issues on appeal. However, defendant-appellant has now preserved for appellate review the objections to the scoring of the sentencing guidelines raised in the motion to remand, provided they were not previously waived. MCR 6.429(C).
