The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. Defendant-appellant has not demonstrated that further factual development of the record or an initial ruling by the trial court is necessary at this time in order for this Court to review the issues on appeal. However, defendant-appellant has now preserved for appellate review her objection to the scoring of the sentencing guidelines raised in her motion to remand, provided it was not previously waived. MCR 6.429(C).
