

**Court of Appeals, State of Michigan**

**ORDER**

**In Re A M Givens Minor**

Docket No.   **326704**

LC No.       **13-512021-NA**

---

Michael J. Talbot, Chief Judge, acting under MCR 7.203(F)(1), orders:

The claim of appeal is DISMISSED for lack of jurisdiction because the November 14, 2014, order appealed from is not appealable by right. MCR 7.203(A). The November 14, 2014, order is not appealable by right under MCR 3.993(A) because it is not an order of disposition removing the minor from the home, an order terminating parental rights, an order required by law to be appealed to the Court of Appeals, or a final order of the circuit court. Furthermore, the claim of appeal was not properly filed by trial court order under MCR 3.977(J)(2) because this provision for filing a claim of appeal by trial court order is limited to appeals from orders terminating parental rights. The appeal from the November 14, 2014, order must come by application for leave to appeal. See MCR 3.993(B).
