The Court orders that the motion for immediate consideration is GRANTED.

The motion to dismiss cross appeal and/or strike cross-appellants' brief is DENIED. It is well-established that a party may file a combined appellee/cross-appellant brief and that it will be docketed as timely filed (as both an appellee's brief and a cross-appellant's brief) if filed by the due date for the appellee's brief. See Clerk's Office IOP 7.212(E). Further, when the parties stipulated to extend the time for filing the appellees' brief in these cases, that stipulation encompassed an extension of time for filing a combined appellees/cross-appellants' brief.

We note that this order is without prejudice to appellants/cross-appellees filing a separate motion to seek to extend the time for filing a cross-appellees' brief.
