The Court orders that the motion for immediate consideration is GRANTED.

Appellant's motion to dismiss these consolidated appeals is GRANTED TO THE EXTENT that the present appeals are DISMISSED based on appellant's acknowledgment that the order appealed from is not a final order appealable of right. We do not consider it reasonable or appropriate to attempt to determine in advance whether appellant may have an appeal of right from a hypothetical future judgment or order that the trial court may enter in this case. However we note that an appeal of right from a final order under MCR 7.202(6)(a)(i) would allow an appellant to raise issues regarding prior orders. *Green v Ziegelman*, 282 Mich App 292, 301 n 6; 767 NW2d 660 (2009).
