Docket No. 332591

LC No. 15-031341-AA

Presiding Judge

Stephen L. Borrello
Judges

The Court orders that the motion for immediate consideration is GRANTED.

The motions to file reply briefs are GRANTED.

The motion for peremptory reversal is DENIED for failure to persuade the Court of the existence of manifest error warranting peremptory relief without argument or formal submission.

The application for leave to appeal is DENIED, because appellants have a pending claim of appeal from the circuit court's March 31, 2016 order, and they may raise the issues in the application in their brief for their appeal of right in Docket No. 332590.
