

Court of Appeals, State of Michigan

ORDER

Bureau of Health Care Services v Gerard Anthony Eichbauer RN CRNA

Docket No. **332714**

LC No. **15-021443**

Michael F. Gadola, Judge, acting under MCR 7.211(E)(2), orders:

The motion to extend time to file appellant's brief is GRANTED. Thus, appellant's brief filed on July 1, 2016 shall be deemed to have been timely filed. The Court notes that there is no need to reach appellant's assertion that his brief should have been considered timely filed under the court rules because an extension of up to 56 days for filing an appellant's brief will be allowed to a party on motion in a non-expedited appeal even without a showing of good cause under this Court's current and well-established practices.
