The Court orders that the motion for reconsideration is DENIED. The language of MCR 7.205(G)(3)(b) clearly indicates that the 6-month period in which to file an application is tolled by the filing of a motion for reconsideration of the order or judgment to be appealed from, in the trial court, within the initial 21-day appeal period. There is no language in the rule that indicates that a party has 6 months in which to file an application for delayed appeal from the entry of an order by this Court denying reconsideration of a decision to dismiss a claim of appeal for the lack of jurisdiction.
