ORDER

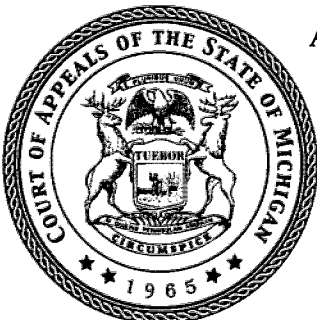

George Patrick Merlino Jr v Carson City Corr Facility Warden

Docket No. **334804**

LC No. **00-000000**

Michael J. Talbot, Chief Judge, acting under MCR 7.203(F)(1), orders:

The original complaint for habeas corpus is **DISMISSED IN PART** for lack of jurisdiction as to defendant Attorney General. Plaintiff's complaint for habeas corpus is not properly brought against the Attorney General where plaintiff is plainly not in the custody of the Attorney General nor is the Attorney General a superior of a person having custody of plaintiff given that it is not part of the Attorney General's function to have custody of prisoners or supervise those who do. This original action remains pending against defendant Carson City Correctional Facility Warden.
