**AFTER REMAND**

This Court, in its February 14, 2017 opinion, remanded this matter to the trial court to provide an explanation on its ruling for plaintiff's request for attorney fees. We retained jurisdiction.

The trial court filed an order, without holding a hearing, awarding plaintiff attorney fees in the amount of \$61,748.50 and provided a detailed explanation of its decision. The order further provided that if defendant wished to contest the award, he could, within 14 days of the date of the order, request a hearing. He did not do so.

The matter is back before us and, in light of defendant's failure to request the hearing and our review of the trial court's explanation, and finding no error in the trial court's determination, we AFFIRM the trial court's attorney fee award made on the record.

This order disposes of the remaining issue on appeal. This appeal is now closed.
