Judges

The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. Defendant-appellant has not demonstrated that further factual development of the record or an initial ruling by the trial court is necessary at this time in order for this Court to review the issues on appeal. However, defendant-appellant has now preserved his objection to the scoring of Offense Variable 4 by raising the objection in his motion to remand, provided the objection was not previously waived. MCR 6.429(C).
