

Court of Appeals, State of Michigan

ORDER

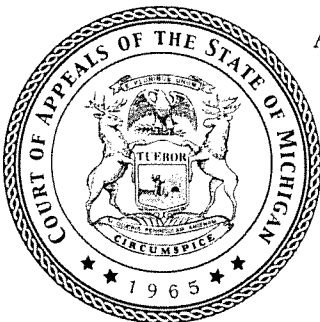

People of MI v Jason Alan Brown

Docket No. **336492**

LC No. **10-000631-FC**

Michael J. Talbot, Chief Judge, acting under MCR 7.203(F)(1), orders:

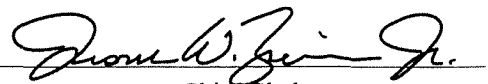

The claim of appeal is DISMISSED for lack of jurisdiction because it is not actually taken from any judgment or order. MCR 7.203(A). Rather, it appears manifest that the trial court intended only to enter an order appointing substitute counsel as to ongoing post-conviction proceedings in the trial court but mistakenly entered the substitution of counsel on a claim of appeal and order appointing counsel form and sent a copy of that form to this Court rather than entering a simple substitution of counsel on the appropriate form.
