**ORDER**

**Angela Nails v Pro Assurance Companies**

Docket No.   **339050**

LC No.       **17-000094-NH**

---

Michael F. Gadola, Judge, acting under MCR 7.217, orders:

The motion for reinstatement of appeal filed on December 6, 2017 is DENIED. Appellant's untimely provision of a proof of service related to her defective motion submitted October 27, 2017 does not change the fact that she has failed to file evidence of having ordered a transcript of the June 14, 2017 hearing in this case as required by MCR 7.210(B)(1)(a). In this regard, appellant is not entitled to unilaterally determine that ordering a transcript of the June 14, 2017 is unnecessary and she has not availed herself of the procedure under MCR 7.210(B)(1)(c) to request the trial court to order that such a transcript need not be included in the record on appeal.
