Docket No. 339546

LC No. 05-003395-01-FC

Presiding Judge

Thomas C. Cameron
Judges

The Court orders pursuant to MCR 7.206(D)(4) and MCR 7.216(A)(7) that defendant shall forthwith resolve the pending motion for evidentiary hearing to determine probable cause to arrest the defendant in lower court case number 05-003395-01-FC. Defendant received plaintiff's motion on June 6, 2017. In its answer, defendant does not claim that the motion has been decided, and an order disposing of the motion is not contained in the lower court record. Because plaintiff has no other adequate legal remedy available, this Court finds that it is appropriate to order peremptory relief on the complaint.

The "motion to add documents and request to show cause if needed" is DENIED.

This Court retains no further jurisdiction.

Presiding Judge

Cameron, J., would deny the complaint for superintending control.
