

Court of Appeals, State of Michigan

ORDER

People of MI v Aaron James Miller

Docket No. **340175**

LC No. **2017-007600-FH**

Michael F. Gadola, Judge, acting under MCR 7.211(E)(2), orders:

The motion to file a brief exceeding 50 pages is GRANTED. In this regard, the Court extends the time for filing the motion to treat it as if it were timely filed. MCR 7.216(B).

However, appellant's brief as filed on April 24, 2018 is defective in failing to include an index of authorities and because it is apparent the font size of the brief is less than 12-point type. Within 14 days after the date of this order appellant shall file a corrected brief that includes an index of authorities and that is in a font size of 12-point type. Due to the non-substantive nature of these corrections appellant's brief shall be treated as having been timely filed on April 24, 2018.

Appellee may file a brief on appeal that does not exceed the number of pages in appellant's corrected brief (exclusive of tables, indexes, and appendices).
