

Court of Appeals, State of Michigan

ORDER

People of MI v Ningan Hu

Docket No. **340780**

LC No. **16-023578-FH**

Michael F. Gadola, Judge, acting under MCR 7.211(E)(2), orders:

The motion to strike Issues I, II, and III in appellant's brief is DENIED. Whether plaintiff should be barred from obtaining relief on those issues by the law of the case doctrine concerns the proper resolution of the merits of those issues and does not present an appropriate basis to strike the issues on procedural grounds where there is no claim of a failure to substantially comply with the requirements of MCR 7.212. Further, the law of the case doctrine is not jurisdictional in nature given that it "is a discretionary doctrine that expresses the general practice of the courts and is not a limit on the power of the courts." *Int'l Business Machines Corp v Dep't of Treasury*, 316 Mich App 346, 352-353; 891 NW2d 880 (2016).
