Judges

The Court, having received the Wayne County Probate Chief Judge's answer to the motion for peremptory reversal, hereby GRANTS the motions for immediate consideration and for peremptory reversal. The trial court's March 27, 2018 order appointing a forensic accountant to review Mr. Sakowski's open cases is VACATED and this matter is REMANDED to the trial court for further proceedings. If the probate court determines that an order similar to the one entered on March 27, 2018 is necessary, it must first hold a hearing on appellant's objections.

In light of the foregoing, the motions to expedite the appeal and to create a record are DISMISSED as moot.
