

**Court of Appeals, State of Michigan**

**ORDER**

**Anthony Threatt v Bellamy Creek Correctional Facility Warden**

Docket No.   **344683**

LC No.       **17-032817-AH**

---

Christopher M. Murray, Chief Judge, acting under MCR 7.203(F)(1), orders:

The original complaint for habeas corpus is DISMISSED for lack of jurisdiction because this Court treated plaintiff's filing in Docket Number 342685 as an original complaint for habeas corpus in relation to the January 30, 2018 circuit court order. MCR 3.303(A)(2) must reasonably be interpreted as allowing the bringing of one original action for habeas corpus in this Court in relation to a particular refusal by a circuit court to issue a writ of habeas corpus. Thus, this Court lacks jurisdiction over this second habeas corpus original action related to the same January 30, 2018 circuit court order denying habeas corpus relief.

The motion to waive fees is also DISMISSED as moot.
