Judges

The motion for reconsideration of this Court's order of March 12, 2019 is DENIED. This Court considered the issues raised by plaintiff in his application in Docket No. 343075 and determined that he failed to show he was entitled to any of the exceptions to the rule that a movant may not appeal the denial of a successive motion for judgment relief. Therefore, the relief requested by plaintiff, a remand to the circuit court for a ruling on plaintiff's outstanding motion for reconsideration, was unnecessary.
