The Court orders that the motion for reconsideration is DENIED. The issue raised in the motion for reconsideration was not raised in the statement of questions presented set forth in defendant's brief on appeal, as required by MCR 7.212(C)(5). When a defendant fails to include an argument as an issue in his statement of questions presented and fails to cite any authority in support of his position, he has waived appellate review of the argument. *Caldwell v Chapman*, 240 Mich App 124, 132; 610 NW2d 264 (2000).
