Docket No. 343795

Judges

The Court orders that the motion to remand is DENIED for failure to persuade the Court of the necessity of a remand at this time. In this regard, defendant has failed to file an affidavit or offer of proof with the motion as required by MCR 7.211(C)(1). Denial of remand is without prejudice to a case call panel of this Court determining that remand is necessary once the case is submitted on a session calendar.
