

Court of Appeals, State of Michigan

ORDER

People of MI v Deon Reynard Morgan

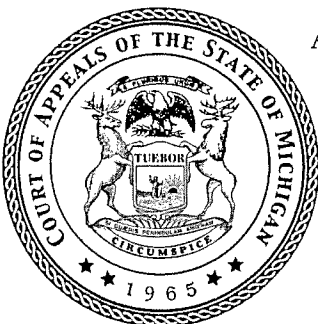

Docket No. **343809**

LC No. **15-000262-FH**

Michael F. Gadola, Judge, acting under MCR 7.211(E)(2), orders:

The motion captioned as a motion to extend time for filing Standard 4 reply brief is treated as a motion to accept for filing the *in propria persona* supplemental reply brief submitted on May 20, 2019, and the motion is GRANTED. Thus, that supplemental brief is accepted for filing.

The Court notes that, in its well-established practice, MCR 7.212(G) is considered to allow the filing by an appellant of a reply brief to a primary appellee's brief, not to a prosecutor's responsive brief to a Standard 4 brief. Thus, a motion is necessary to seek to file any *in propria persona* supplemental reply brief to such a responsive brief from a prosecutor.
