The Court orders that the complaint for superintending control is DISMISSED for lack of jurisdiction because an appeal is available from the January 19, 2019 order denying plaintiff's motion for relief from judgment under MCR 6.500 and the March 27, 2019 order denying motion for reconsideration and motion for stay of proceedings. MCR 3.302(D)(2); MCR 7.205(G). Although MCR 6.502(G)(1) bars an appeal from the denial or rejection of a successive motion for relief from judgment, this subrule does not bar this Court from reviewing whether the trial court correctly determined that the movant failed to establish one of the two exceptions to the procedural bar against the filing of successive motions.
