

**Court of Appeals, State of Michigan**

**ORDER**

**Sandra Kay Welch v Advanced Energy Services LLC**

Docket No.   **349457**

LC No.       **19-013038-CZ**

---

Christopher M. Murray, Chief Judge, acting under MCR 7.203(F)(1), orders:

The claim of appeal is **DISMISSED** for lack of jurisdiction because it was not filed within 21 days of the May 28, 2019 order being appealed from and no motion for postjudgment relief was filed within the initial 21-day appeal period. MCR 7.204(A)(1)(a). In this regard, the apparent final order appealed from must be considered entered on May 28, 2019 because it is manifest from the face of the order that it was signed on May 28, 2019 and because, from the May 28, 2019 entries in the circuit court register of actions, it is manifest that data entry of the order in the register of actions was accomplished on May 28, 2019. MCR 7.204(A). The May 31, 2019 entry in the register of actions does not show the date that data entry of the order was accomplished in that register but rather appears to merely be an entry made on Friday, May 31, 2019, indicating that copies of the order would be sent out on Monday, June 3, 2019. Dismissal is without prejudice to the filing of a late appeal under MCR 7.205(G), provided such a filing meets all requirements under the court rules and is not time-barred.
