COA Docket No.: 339250
Livingston County Juvenile Court File No. 15-15054-NA

Dear Clerk:

This letter is to ask to withdraw the motion to extend time to file transcript and the motion to extend time to file brief in docket number 339257. After filing those motions I learned the missing transcript only pertains to docket number 339250.

I initially filed two motions under each docket number because I mistakenly thought the missing transcript pertained to both docket numbers. I learned this after filing the motions. My apologies for the confusion.

As to docket number 339250, I would still like the two motions to extend submitted to a motion panel per Court's usual process.

Also, the court reporter advised me this past Monday, October 30, 2017 that she expected to complete the missing transcript by the end of this week and to file an amended certificate upon doing so.

If you have questions feel free to call me at the above telephone number.

Very truly yours,
JOHN CECI PLLC
