The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED. Defendant-appellant has not shown that further development of the record or an initial decision by the trial court is required at this time. However, defendant-appellant has now preserved his challenges to the scoring Offense Variables 3 and 4 and the accuracy of information relied on by the trial court at his sentencing by raising those issues in his motion to remand. MCR 6.429(C).
