ORDER

People of MI v Daniel Willard Wells

Docket No. 321805

LC No. 13-038170-FH

Judges

The Court orders that the motion to remand is DENIED for failure to persuade the Court of the necessity of a remand at this time. We note that a motion to remand should specifically address the asserted need for a remand and the facts appellant expects to develop on remand, not merely vaguely reference appellant's brief on appeal and allegations of ineffective assistance of counsel in a supporting affidavit.
