The Court orders that the claim of appeal, while untimely perfected under MCL 722.904(4) and MCR 3.615(K)(3)(d) by petitioner's court-appointed attorney, is treated as an application for delayed appeal under MCR 7.205(F)(1).

The Court orders that the June 21, 2007 order and the June 26, 2007 amended order of the Family Division of the Kent Circuit Court denying appellant's petition for waiver of parental consent for an abortion is AFFIRMED. Upon review of the present record, the Court is persuaded that appellant failed to meet her burden of establishing that she is sufficiently mature and well-enough informed to make the decision regarding an abortion independently of her parents, or that granting the waiver would be in her best interests. MCL 722.904(3).
