

Court of Appeals, State of Michigan

ORDER

People of MI v Charles Lewis

Docket No. 279450

LC No. 76-005890

Alton T. Davis
Presiding Judge

Helene N. White

Christopher M. Murray
Judges

The Court, acting under MCR 7.203(F)(2), orders that the motion for reconsideration is DENIED. A review of docket number 244809 shows that appellant has already had appellate review by both the Court of Appeals and the Supreme Court of the issues that he is once again trying to get reviewed with this latest application. That is a violation of MCR 6.502(G)(1), which was established in 1995. Once defendant asked this Court to review his issues in 244809 even though the circuit court order did not match those issues, he cannot come back later and try to get a second review. Both the orders of this Court and the Supreme Court reviewed the issues on the merits and concluded that defendant could not satisfy MCR 6.508.

White, J., would GRANT reconsideration and reinstate the appeal.
